

VERTICAL RACKING

Divider

Podium

Facts

EAB's vertical racking is convenient storage options for profiles and pipes. It saves a lot of space, while the warehouse will be open and transparent.

Safety requirements

EAB's pallet racking fulfil the new European Standards, SS-EN 15635

Surface finish

Frames and divider are galvanized, beams and accessories are powder coated in a dark grey colour.

Delivery

The racking is delivered complete with uprights, bracing, beams, divider and bolts and nuts. The instructions which accompany every delivery make assembly and mounting a simple matter.

EAB Built to last

Durability is a distinguishing characteristic of EAB. Our attention to detail and quality thinking are part of everything we do from selecting material to manufacturing, delivery and assembly. Durability also includes the relationships we have with our customers, suppliers and employees.

TECHNICAL DETAILS		VERTICAL RACKING	
	Dimensions	Loading	
A Section width	1208 mm	400 kg/section	
B Frame height	2500, 3500 mm		
Upright width	90 mm
